SHOW RESULTS PROCESSING

Computer generated results are accepted by NSBA. **We do ask that results are separated by class.** In many cases, a PDF document with individual results sheets for each class is the easiest format for our office to process. Delivering complete results in this way can ensure that all results are verified and made official in an accurate and timely manner. **Please ensure that results information is included for EACH ENTRY, including those that were scratched (SCR), were disqualified (DQ), or did not place (NP).** Incomplete results will be returned to show management for completion or correction.

SHOW PROCESSING MATERIALS

Show Managers will be provided with show kits upon approval of their first event each year. Additional materials are available at www.nsba.com, or by contacting the NSBA office at 847-623-6722.

OTHER NSBA CLASSES –

Other NSBA classes include those NSBA events at your horse show that are *NOT* held concurrently with a corresponding breed class. These classes can include NSBA futurity or maturity classes, as well as other NSBA stand-alone classes.

These classes are typically placed on a combined judges score and may include one or more go-rounds and a final. Added money is not restricted. Shows offering more than \$10,000 in added money are considered Category I Events, and require the appointment of a Show Steward and the collection of a Drug Fee. **Effective January 1, 2016, all NSBA classes that are not run as Dual Approved events will require a Certificate of Eligibility. Horses holding a current Breeders Championship Futurity and/or Stallion Incentive Fund certificate will satisfy this requirement.** For additional information, please refer to the NSBA Official Handbook, or contact the NSBA office.
